Pupillage Forum 2019

“A commercially minded common law Pupillage that presses the fast forward button on court experience and turns out down to earth advocates with broad experience. Highly recommended”

-Chambers Student Guide

Henderson Chambers are holding a Pupillage Forum to meet future pupillage applicants. We want to get to know you, and we want to give you a chance to get to know us. We hope to introduce you to Chambers and to our Pupillage.

Members of Chambers are currently instructed in the Grenfell Tower Fire, the VW Emissions litigation, Nigerian oil spills, and the Seroxat group action, as well as many other high profile and complex cases.

In 2021-2022, Chambers will offer its pupils a £70,000 award and a Caribbean secondment.
